**Student Loan Exit Interviews**

Federal Regulations requires student loan borrowers to complete an exit interview for each type of federal loan borrowed.

**Subsidized or Unsubsidized Stafford or Grad Plus Loans:**
*mappingyourfuture.org* – This is a generic website and does not list your federal loans. Select Student Loan Counseling, then Stafford Exit or Grad Plus Exit.

**Direct Stafford or Direct Plus Loan:**
*studentloans.gov* – Click on Exit Counseling in the lower middle section of the page. You will need your FAFSA pin # to complete this exit.

**Perkins Loans:**
*www.ecsi.net* – You will need the school code and your pin #. See enclosed letter.

**Private and Parent Plus Loans:**
No exit interviews are required for Private or Parent Plus Loans. However, you are required to notify your lender that you are no longer enrolled at least half-time as well as update your lender of any address changes.

********************************************************************************

We highly suggest accessing vision for information concerning lenders and amounts borrowed. Once in vision select the following links:

Student Services & Financial Aid
   Financial Aid
   My Award Information
   Loan Application History

********************************************************************************

You may access your federal loans by going to [www.nslds.ed.gov](http://www.nslds.ed.gov).
(You will need your FAFSA pin #)

Or call Federal Student Aid 1-800-433-3243

The above exit interviews require addresses and phone numbers of next of kin and at least two other references. **Please do not use duplicate references, references that are located at the same address or list anyone with an ORU address.** This will create a hold on your academic records.
